

'Hooked on Pastels' with Marion Towns

Weekend Workshop, Collingwood, Golden Bay

ART HAVEN

Saturday 7th and Sunday 8th November 2020

Extend your art practice with an **Art Haven Workshop** in our light-filled studio. Nestled on the hill, amongst native bush and with views over the estuary and mountains, Art Haven in Collingwood is the ideal venue for inspiration, creativity and artistic development.

In November 2020 join internationally recognised landscape artist Marion Towns for two days of pastel heaven! Marion's high level of technical skill and her striking choice of colours epitomises the New Zealand summer perfectly!

Enjoy plein air landscape sketching (weather permitting) – you'll learn how to develop versatile methods for creating 'field sketches'. Marion will then guide you in translating your field sketches into a finished artwork. On Sunday, learn how to fine tune your soft pastel techniques. Participants will gain confidence using soft pastels, and leave with one or two completed pastel paintings and a piece of our lovely Collingwood Art Haven!
